Basic Search – Keyword Search

The screenshot shows a search interface with two tabs: 'Catalog' and 'Online Resources'. Below the tabs is a search box with the word 'Search' to its left. To the right of the search box is a play button icon. Below the search box, the text 'Advanced Search' is visible.

Keyword searches automatically include AND. The search term **Qatar history** searches **Qatar AND history**. You do not need to add the word AND.

- Use "quotation marks" to search for words together as one phrase.
- Parentheses, OR, and NEAR are not recognized as search operators.

Enter your search word or phrase in the search box and press the enter key or submit button. The system finds records that contain all of your search words from anywhere in the record.
